A - [FIN - CFAP Area Homeless Shelters](#)

PURPOSE/ SCOPE

- A. To identify and assist those patients who are uninsured or underinsured and who are financially eligible to receive discounts for specified medical expenses through the Carle Financial Assistance Program. Carle will consider each patient's ability to contribute to the cost of his or her care received and the financial ability of Carle to provide discounts for the care provided.
- B. All care rendered by an eligible Carle entity, except for services noted in policy FIN – CFAP Area Homeless Shelters, may be considered through the Carle Financial Assistance Program. Eligible entities are identified above.

DEFINITIONS

- A. **Family/Household Size** - includes those dependents listed on tax returns, divorce decree, or child support order. Defined by the IRS for tax filing purposes under section 36B (d) (1), "a taxpayer's family consists of the individuals for whom the taxpayer claims a personal exemption deduction under section 151 for the taxable year. Taxpayers may claim a personal exemption deduction for themselves, a spouse, and each of their dependents. Section 152 provides that a taxpayer's dependent may be a qualifying child or qualifying relative, including an unrelated individual who lives with the taxpayer. Family size is equal to the number of individuals in the taxpayer's family."
- B. **Resident** – a person who lives in the state of Illinois and who intends to remain living within Illinois indefinitely. Relocation for the sole purpose of receiving health care benefits does not satisfy the residency requirement.
- C. **Underinsured** - a person without insurance benefits for services provided due to exclusions of coverage by the insurance provider. This does not apply to those circumventing insurance restriction or specification or out-of-network services.
- D. **Generally accepted standards of medical practice:**
 1. Standards that are based on credible scientific evidence published in peer-reviewed, medical literature generally recognized by the relevant medical community;
 2. Physician Specialty Society recommendations;
 3. The views of physicians practicing in the relevant clinical area; and
 4. Any other relevant factors.
- E. **Uninsured patient** - a person who is a patient and is not covered under a policy of health insurance and is not a beneficiary under a public or private health insurance, health benefit, or other health coverage program, including high deductible health insurance plans, workers compensation, accident liability insurance or other third party liability.
- F. **Experian Information Solutions, Inc. (Experian)** – is a third party vendor that uses proprietary data analytics to provide unique information related to patients for the purpose of financial assistance and recovery of patient debt.

STATEMENT OF POLICY

- A. Any patient or responsible party may apply for the Carle Financial Assistance Program, regardless of insurance coverage. Patients may apply for the Carle Financial Assistance Program at any time, including before care is received. If approved, the patient is eligible for 12 months from the date of approval.
- B. Certain identified patient populations are presumptively eligible for the Carle Financial Assistance Program. Further detailed information is contained within the [FIN - Presumptive Eligibility for Financial Assistance](#).
- C. Carle desires that:

1. All patients, regardless of their immigration status or residency, be aware of the Carle Financial Assistance Program and all other financial assistance available at Carle;
 2. For those patients who are eligible to be identified as early in the care, treatment and billing process as possible; and
 3. That the process is as simple as possible for the patient.
- D. An application for government assistance must be completed if the patient appears to meet the eligibility criteria for such assistance. When appropriate, Carle staff or designee will use a screening checklist to assist in determining if the patient would qualify for government assistance.
1. Failure by a patient or responsible party to complete the government program application process and/or failure to cooperate during the application process will result in an automatic denial of financial assistance.
 2. If the patient applies for government assistance, documentation of the determination from the government program is required for reprocessing of the Carle Financial Assistance Program application.
 3. Patients who have a third party payment source that will reimburse more than the government program reimbursement will be excluded from the requirement of applying for government assistance.
- E. Patients who may be eligible for certain third party assistance programs must cooperate with program requirements to maintain eligibility within the Carle Financial Assistance Program.
- F. Patients covered by Medicare Part A or Part B must complete a Carle Financial Assistance application which includes a request that the patient provide a federal tax return and a defined list of assets. This asset list shall include the patient's bank account balances such as checking and savings, money market accounts and certificates of deposit.
- G. The Carle Financial Assistance Program discount amount is dependent on the applicant's household income and family size compared to the currently published Federal Poverty Level guidelines at the time of application.
- *Exception:** patients covered by Medicare Part A or Part B must also follow the process as outlined in section F above.

CFAP Program Guidelines	Federal Poverty Level			
	≤ 200%	201 - 300%	≤ 400%	≤ 600%
Carle Financial Assistance Program	100% Discount	50% Discount	Yearly expenses capped at 40% of gross annual income.	N/A
Illinois Uninsured Hospital Patient Discount Program	Limits patient's Carle medical expenses to 20% of the household's gross annual income. See policy FIN - IL Hospital Uninsured Patient Discount Program for additional information.

In the case of extraordinary circumstances, an application may be submitted prior to the six (6) month limitation.
- 3. Applicants may appeal the application determination by sending a written appeal to the Manager Self Pay Receivables Management.  1. Patients who purposefully circumvent insurance requirements (i.e. waiting periods, preauthorization, etc.) may be held responsible for the billable services and not receive any discounts on services.
 2. Patients, who knowingly provide untrue information on the application for financial assistance, will be ineligible for financial assistance. Any financial assistance granted will be reversed, and the patient will be held responsible for the billable services.
 3. Non-emergent, out-of-network care including out-of-state Medicaid that would be paid by the patient's insurance company elsewhere will not be eligible for the Carle Financial Assistance Program because the patients have the opportunity to have their healthcare needs met at a participating provider.
 4. Emergent out-of-network care for those who qualify will be eligible under the Carle Financial Assistance Program policy guidelines after all other payment sources have been exhausted.
 5. Emergent out-of-state Medicaid patients are not required to complete the Carle Financial Assistance Program application process. They will be approved for a one time discount as eligible under the Carle Financial Assistance Program after proof of coverage is provided and all other payment sources have been exhausted.
- I. Discount will apply to any patient responsible balance retroactively, including those that have been referred to a collection agency if court costs have not yet been incurred. However, an application for government assistance may be requested as stated in C1.

 2. Carle will not authorize body attachments for purposes of medical debt collection.
- J. Carle will utilize the Centers for Medicare and Medicaid Services coverage guidelines when determining services that qualify for the Carle Financial Assistance Program.
 1. Coverage will apply to health care services that a physician, exercising prudent clinical judgment, would provide to a patient for the purpose of evaluating, diagnosing or treating an illness, injury, disease or its symptoms;
 2. In accordance with the generally accepted standards of medical practice;
 3. Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and

4. Not primarily for the convenience of the patient, family or physician and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.
- K. Carle Financial Assistance Program will not cover cosmetic, elective or non-medical retail services.
- L. Amounts Generally Billed (AGB) to Carle Financial Assistance Program participants will be determined by Medicare fee-for-service together with all private health insurers, during a prior 12-month period.
 1. AGB determined through calculations of sum of all payments plus the sum of all bad debt and charity care adjustments divided by the sum of all charges in the time frame.
 2. Time frame included in method is for October 1 through September 30 of the prior calendar year.
- M. Patients who have been approved for the Carle Financial Assistance Program may re-apply annually from the date of original application approval. Carle Foundation will attempt to notify patients by mail 90 days before the current termination date of eligibility in the Carle Financial Assistance Program.
